Brain Games

Faculty Advisor – Mrs. Susan Smith

Brain Games Club focuses on answering trivial academic questions. We meet every Tuesday during Lunch B in the Library. The reason for this club is because one weekend, our team will drive down to Raleigh to compete in the WRAL Brain Game Tournament. If we win, we move onto the next round. We need new members, as a majority of the members will graduate in 2021. It is a lot of fun and there is never a dull moment. WCDS Brain Games made it to the Quarterfinals in 2019.

Red Cross Club

Officers – Nick Covert

Faculty Advisor – Dr. Sharp

The Red Cross Club at WCDS cooperates with the local American Red Cross. Our club works hard to host blood drives for Goldsboro, right inside our school. Anyone 16 or older can donate blood, but they must get parents' permission. Anyone younger will not be able to donate blood, but they can still contribute by helping organize the drives. Our club does 2 drives a year, with almost a full house every time. This will be our second year so we would love to have as many new members join as possible.

WCDS Red Cross Club held a very successful drive during the Coronavirus Pandemic.
